

## Community Service Hours

The purpose of ACA’s community service hours is to develop a sense of responsibility in our students for their community, demonstrated through a spirit of voluntarism and to live out the example of Jesus Christ as the True Servant. Graduating students are recommended to complete 80 hours of community service during their High School career. These activities are on a volunteer basis. Anything for which the student receives remuneration is not considered community service. Twenty hours per year are recommended in order for service hours to be listed on students’ transcripts—up to 10 hours can be at Ankeny Christian Academy.
