Dear Prospective Parent/Guardian,

Thank you for your interest in Ankeny Christian Academy. At ACA we seek to build on the work of the church and the parent to build "Christian character for tomorrow's leaders." We do not take this mission lightly. We work to make every graduate a life-long follower of Christ with the kind of education that can take them anywhere they wish to go.

Ankeny Christian Academy is accredited by the State of Iowa. In this regard, we are intensively driven to provide a great education to our students. I have said many times that our students can go anywhere with ACA credentials. We are also affiliated with the Association of Christian Schools International. This association indicates our interest in providing a Christian education to our students. Our heart is to infuse the truths of God into every class. My personal thought is that every subject is a reflection of God and his creation. As such, demonstrating the way God governs the universe through the truths of each course is vastly important. Or, stated another way, no course can be well-taught without demonstrating how it is anchored in God's truth.

The extra-curricular offerings at ACA are also important. We have many successful athletic teams which give our students a chance to compete and improve themselves in this physical arena. We have academic competitions and opportunities for expression in speech, theater, math, and science. While "economy of size" is always a consideration in a school's offerings, ACA goes "over and above" in its extra-curricular offerings.

Finally I would ask you to consider the way we seek to provide a "traditional" educational program. At ACA you are likely to see teaching, tests, grading, and student-teacher relationships develop in a traditional fashion. With all of the changes in schools today, we want to give our students a chance to experience school and be held accountable in ways that have always prepared students for the future.

In my mind, these are powerful positives in choosing to send your child to Ankeny Christian Academy. Our tuition is highly competitive, giving parents the chance to provide a great education for their children. We love to get to know our children and keep up with their progress after they leave us. I am glad to say that our students have done well. We would love to have you join us.

In Christ,

Steve Robison, Ed.D.
